

AYP Summary

ALBUQUERQUE PUBLIC SCHOOLS

Improvement Status: R-1

AYP Rating: AYP Not Met

	Total Number	%
Schools rated in district	133	100
Schools in Improvement	38	28
Schools in Corrective Action	13	9
Schools in Restructuring	51	38

Report Contents

- Student Demographics
- AYP Summary
- Accountability Indicators by Subgroup
- NAEP Assessment Summary for Grades 4 and 8
- State Assessment Summaries for Grades 3-8, and 11
- School Board Member Participation
- Budgeted Expenditures
- Teacher Quality
- Quality of Education Survey (Parent Survey)

Definitions and Abbreviations

Asian: Asian or Pacific Islander

Afr Am: African American

ELL: English language learner; assessments include students who exited ELL status the first and second years

FRL: Free or Reduced Lunch; qualifies the student as economically disadvantaged

SWD: Students with disabilities; does not include special education students who are gifted

High Poverty Schools: Schools with the most students eligible for FRL (top 25%)

Low Poverty Schools: Schools with the fewest students eligible for FRL (bottom 25%)

What is Adequate Yearly Progress (AYP)?

Every school and district in the state must meet annual academic proficiency targets in mathematics and reading in order to be considered on track for 100% proficiency by school year 2013-14. AYP is part of state and federal statute. The Elementary & Secondary Education Act (ESEA) of 2001 says that each state shall establish a timeline for adequate yearly progress. The timeline shall ensure that no later than 12 years after the 2001-2002 school year all students in each group described in the law will meet or exceed the state's proficient level of academic achievement. New Mexico Statute states that "the Department shall measure the performance of every public school in New Mexico," (§ 22-2C-3, D)

AYP determinations result from assessments that are administered at the end of the prior school year. Therefore this report summarizes AYP findings that apply to 2009-2010, but that were derived from the achievement of students in the 2008-2009 school year.

What do schools have to do in order to meet AYP?

Schools need to:

- a) Achieve a 95% participation rate on state assessments
- b) Reach targets for proficiency or reduce non-proficiency
- c) Reach targets for attendance in elementary and middle schools and graduation for high schools.

Who has to meet AYP?

Subgroups of 25 or more students within each school, district, and the state must meet AYP. The subgroups include Caucasian, African American, Asian/Pacific Islander, Hispanic, American Indian/Alaskan Native, Economically Disadvantaged (FRL), Students with Disabilities (SWD), and English Language Learners (ELL).

Student Demographics

AYP by Subgroup

AYP is based on students who have attended a school for a full academic year. Three academic indicators are utilized: 1) mathematics, 2) reading, and 3) either attendance (elementary and middle schools), or graduation (high schools). Results are not reported for subgroups with fewer than 10 students (indicated by <>).

Reporting Group	Academic Indicator	AYP Goal %	All Students %	Caucasian %	Afr Amer %	Hispanic %	Asian %	Am Indian %	FRL %	ELL %	SWD %
Districtwide-Grades 3-5	Reading Proficiency	63	58.4	76.6	55.0	50.0	71.9	47.2	47.7	34.8	23.2

AYP by Subgroup

AYP is based on students who have attended a school for a full academic year. Three academic indicators are utilized: 1) mathematics, 2) reading, and 3) either attendance (elementary and middle schools), or graduation (high schools). Results are not reported for subgroups with fewer than 10 students (indicated by <>).

AYP by Subgroup

AYP is based on students who have attended a school for a full academic year. Three academic indicators are utilized: 1) mathematics, 2) reading, and 3) either attendance (elementary and middle schools), or graduation (high schools). Results are not reported for subgroups with fewer than 10 students (indicated by <>).

National Assessment of Educational Progress (NAEP) Statewide Results

The National Assessment of Educational Progress (NAEP) is often called the "Nation's Report Card" because it allows the comparison of student performance across states and for the nation as a whole. NAEP does not replace the Standards Based Assessment (SBA) that students take every year, which measures student performance according to New Mexico curriculum standards. All students in New Mexico are required to take the SBA, while the NAEP selects representative samples of students. The sampling method does not allow for reporting results by district, much like a political poll does not sample and report by neighborhood. For further information, visit the NAEP web site at <http://nces.ed.gov/nationsreportcard>.

NAEP assessments have been given in subjects such as reading, mathematics, science, writing, U.S. history, geography, the arts, and others. Reading and mathematics are assessed every two years at grades 4 and 8. Science is assessed every four years. Results presented here are from 2009 (reading and mathematics), and from 2005 (science).

8th Grade ELL	81.9	94.2	90.1
8th Grade SWD**	64.3	77.9	85.7

** NAEP does not accommodate students with severe disabilities.
Participation in NAEP is not mandatory.

Assessment Summary by Grade

Students are assessed in reading, mathematics and science in grades 3-8 and 11 by the Standards Based Assessment (SBA) and the NM Alternative Proficiency Assessment (NMAPA) for students with significant disabilities. These assessments were developed to measure the NM Standards and Benchmarks that educators and the public determined are important for our students to master. The assessment results are for all students enrolled and present during testing in March 2009. District summaries do not include students from charter schools, which are reported separately. Results for groups with fewer than 10 students are not reported to meet confidentiality requirements. Percents may not add to 100, due to rounding.

Parent Survey on the Quality of Education

The Quality of Education Survey is provided annually to all parents statewide. These 10 questions are required by state regulation:

- Q1. My child is safe at school.
- Q2. My child's school building is in good repair and has sufficient space to support quality education.
- Q3. My child's school holds high expectations for academic achievement.
- Q4. School personnel encourage me to participate in my child's education.
- Q5. The school offers adequate access to up-to-date computers and technologies.
- Q6. School staff maintains consistent discipline, which is conducive to learning.
- Q7. My child has an adequate choice of school-sponsored extracurricular activities.
- Q8. My child's teacher provides sufficient and appropriate information regarding my child's academic progress.
- Q9. The school staff employs various instructional methods and strategies to meet my child's needs.
- Q10. My child takes responsibility for his or her learning.
