Definitions and Abbreviations

LEA Local Educational Authority is a broad term that encompasses districts with multiple schools or independent state-authorized charter schools. Locally authorized charter schools are not LEAs and are reported with their parent district.

Subgroups

ELL: English Language Learners
ED: Economically Disadvantaged as determined by eligibility for Free or Reduced Price Lunch Program
SWD: Students with disabilities; does not include special education students who are gifted

What are school grades?

School Grading is part of state and federal law that mandates accountability for all public schools. The Elementary and Secondary Education Act (ESEA) enacted in 1965 requires schools to show annual improvement in mathematics and reading. New Mexico statute specifies additional requirements that schools demonstrate progress through an A-F letter grade for each school. Individual school report cards can be found online at <http://aae.ped.state.nm.us/>.

What are School District Report Cards?

Each LEA under the jurisdiction of the Public Education Department (PED) annually receives a comprehensive report of their achievement, accountability, and teacher qualifications. This report is compiled for 89 districts that include traditional public schools, locally authorized charter schools, and all state-authorized charter schools. Non-PED schools are exempt from both school grading and School District Report Cards and include private, home, and Bureau of Indian Education schools.

What is contained in this report?

This report provides a concise summary of the LEA and its schools:

Accountability - School Grading and Designation

In addition to earning a letter grade, a school may also earn one of three designations that signify the level of required school support and improvement activities:

- *** More Rigorous Interventions (MRI): To be identified as in need of More Rigorous Interventions (MRI), schools have earned 5 or 6 "F" grades in a row and are the four most struggling schools in the State.
- ** Comprehensive Support and Improvement (CSI): To be identified as in need of Comprehensive Support and Improvement (CSI), the school is in the lowest-performing five percent of Title I schools or is a high school where at least one-third of the students are not graduating on time.
- * Targeted Support and Improvement (TSI): To be identified as in need of Targeted Support and Improvement (TSI), one or more subgroups of students (for example, race/ethnicity) are performing significantly lower than the rest of the student population.

A school's designation, if applicable, is noted next to its overall letter grade.

Achievement - Proficiency Summaries by Grade

This table shows the school- and LEA-level results of statewide assessments administered during the 2017-2018 school year. These assessments include the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment, the New Mexico Alternate Performance Assessment (NMAPA), the Standards Based Assessment (SBA) in Science and Spanish Reading, and the Istation assessment of early literacy skills. In order to protect student privacy, some results have been left blank or reported as a percentage range.

School Board Training	
School district board members must complete a total of five hours of training annually. The annual training requirement varies for new and continuing state-authorized charter board members, and it must include training in specific topics. Please visit https://webnew.ped.state.nm.us/bureaus/accountability/district-report-cards for specific requirements.

National Assessment of Educational Progress Statewide Results

The National Assessment of Educational Progress (NAEP) is often called the "Nation's Report Card" because it allows the comparison of student achievement across states and for the nation as a whole. The sampling method does not allow for reporting results by district or by school. For further information please visit <http://NCES.ED.Gov/NationsReportCard>.

NAEP does not replace assessments that annually measure student performance according to New Mexico curriculum standards. All students are required to take the standards-based assessments, whereas the NAEP selects representative samples of students and districts. Because not all subject areas or grade levels are tested every year, these statewide results are for the most recent year assessed in that subject area and grade.
